BRIEF ABSTRACT OF LETTER.

NOTES AND ORDERS.

NOTES—First Sheet.

GPB—35,000—15-6-12

The Mysore Economic Conference,

Industries and Commerce Committee.

Dated 3rd February 1914.

- - - -

N O T E.

I submit a Note from Mr.Chatterton on the points which Mr. Evance should be requested to embody in his Report. He suggests that it may be incorporated in the Government Order appointing him to investigate the forest areas to be selected by the Conservator of Forests.

The Order may also make clear that the woods reported to be suitable must include not only the woods that he knows are suitable but also those that during the course of personal inspection he believes to be suitable.

The probable annual supply of each variety in a given area should be given. Woods that have not hitherto been tested and are considered by Mr. Evance as suitable will be sent either to Dharwar or Belgaum for being shaved and cut into veneers and splints.

Mr. Evance undertakes to investigate 3 forest areas in detail for a fee of Rs. 2,000 quite irrespective of the period of time that it will require to do this. The period will not be less than one month and might take nearly 6 weeks. He wishes return first class fares for the railway

journeys

I agree with all details contained herein and also with the particulars set forth in Mr. Chatterton's letter attached thereto.

Feb. 3rd 1914

C.P. Graves

journeys he may have to undertake and his actual expenses which will not amount to more than Rs. 4 per day while travelling to be paid to him in addition. He says that arrangement should be made by Government for his means of locomotion in the forests. He would prefer to have a pony placed at his disposal. He wants that the local Forest Officer should be requested to go round the forests with him and give him all assistance. The Chairman suggested that in addition to the local forest officer, Mr. Krishnamurthi Naidu may be put on special duty to assist Mr. Evance in his investigation.

CR.

Secretary.

It is suggested that the following should be the terms on which Mr. Evans should be employed to investigate the resources of the Mysore Forests in regard to a supply of timber suitable for match making:--

(1) that Mr. Evans should examine three areas to be selected by Government;

(2) that he should report what quantity of wood suitable for match making is available in these areas for a continuous supply extending over a long period of years;

(3) that the quantities of each class of wood likely to be available year by year should be specified;

(4) that he should furnish a detailed estimate as to the cost of extraction and delivery at the site of the proposed factory.

(5) that his opinion on all these points should be corroborated by the local Forest Officers deputed to help him, and if there is any difference of opinion between Mr. Evans and the local Forest Officers, these differences should be duly reported to Government in detail by both parties;

(6) from an examination of the forests, Mr. Evans will be able to state whether, in his opinion there is a sufficient supply of wood at a reasonable price to justify the establishment of a match factory; if the opinion is favourable, Mr. Evans will supply plans and estimates for the construction of the Factory.

(7) in the case of buildings, the estimates will have to be based upon local data as to the cost of construction to be supplied by the local Forest Officers;

(8) in regard to machinery, he will have to specify in detail the complete equipment of the factory, and the Firms from whom he would recommend the machinery to be obtained.

(9) Further, Mr. Evans should be required to furnish an estimate of the cost of working the factory based upon his actual experience of such factories in India and Burma.

in Mysore.

S i r,

I am directed to address you in regard to the temporary employment under the Durbar of Mr. G.C. Evance, an Englishman, particulars of whom are contained in the annexed statement.

The Durbar have had under enquiry for sometime past the prospects of the match industry in the State and, with a view to obtain definite information and expert advice about the availability of suitable timber in favourable localities they contemplate engaging an expert to examine certain forest areas and report upon them. The Durbar have selected Mr. Evance to make this examination as they understand that he possesses the requisite

qualifications and has done similar work for the Government of India and the Canadian Government. The work is expected to occupy Mr. Evance about six weeks and he is to be paid a fee of Rs.2,000/- with suitable travelling and other charges.

As Mr. Evance has to enter upon his duties immediately, I am to request that - - sanction may kindly be accorded to his engagement as early as possible.

Draft G. O.

Govt order No Fb 6120-b / F. Sri 67-13-187
Date 9th Feb 1914

Government have had under examination in the Industries and Commerce Committee of the Economic Conference the suitability of Mysore timbers for Match manufacture. With a view to obtain definite ideas of the available timber resources for this Industry, Government are pleased to sanction the employment of Mr. G. C. Evance to investigate and report to Government upon three forest areas selected by Government in the Districts of Mysore Kadur, and Shimoga, viz

Shimoga Range Shimoga Dt. 258 Sq.m
Yedehalli & Lakvalli Kadur Dt. 50 Sq.m
Kakankote Mysore Dt. 20 Sq.m

The following will be points to be enquired into and reported upon:--

(1) Mr. Evance should report what quantity of wood suitable for Match making is available in these areas for a continuous supply extending over a long period of years;

(2) The woods reported to be suitable must include not only the woods that he knows are suitable but also those that during the course of personal inspection, he believes to be suitable.

(3) The quantities of each class of wood likely to be available, year by year, should be specified;

(4) Mr. Evance should furnish a

a detailed estimate as to the cost of extraction and delivery at the site of the proposed factory;

(5) His opinion on all these points should be corroborated by the local Forest Officers deputed to help him, and if there is any difference of opinion between Mr. Evance and the local Forest Officers, these differences should be duly reported to Government in detail by both parties;

(6) From an examination of the Forests, Mr. Evance will be able to state whether, in his opinion there is sufficient supply of wood at a reasonable price to justify the establishment of a Match factory; if the opinion is favourable, Mr. Evance will supply plans and estimates for the construction of the factory.

(7) In the case of buildings, the estimates will have to be based upon local data as to the cost of construction to be supplied by the local Forest Officers;

(8) In regard to machinery, he will have to specify in detail the complete equipment of the factory, and the Firms from whom he would recommend the machinery to be obtained.

(9) Further, Mr. Evance should be required to furnish an estimate of the cost of working the factory based upon his actual experience of such factories in India and Burma.

~~In order to assist~~ will be assisted Mr. Evance, in this enquiry ~~Government are pleased to place~~ by Mr. Krishnamurthi Naidu, District Forest Officer, Kolar, who has been placed on special duty for the investigation of the forest resources of the State ~~for a period not exceeding two months.~~

The Forest Officers of the Districts where Mr. Evance carries on work for the time being will also accompany Mr. Evance to the Forests under examination and render him all necessary assistance

In regard to woods that have not been hitherto tested and are considered by Mr. Evance as suitable for match making, the Secretary, Industries and Commerce Committee, will make arrangements to have samples furnished by Mr. Evance sent either to Dharwar or Belgaum for being shaved and cut into veneers and splints and returned to Mr. Evance for examination.

In the event of the supplies of wood suitable for match manufacture being insufficient in the areas investigated or if the resources already available admit of development, Mr. Evance should select some areas that can be advantageously planted up with the most suitable timber for matches and advise as to the methods to be adopted for their plantation and conservation.

The following are the terms of Mr. Evance's engagement:--

(1) A fee of Rs 2,000 will be paid to Mr. Evance for the examination of and report upon 3 forest areas, in-

irrespective of the period of time taken.

(ii) He will be paid a single return 1st class fare for journeys by railway ;

(iii) He will also be paid actual expenses not exceeding Rs.4/- per day while travelling.

(iv) Conveyance such as is ordinarily available in the locality will be provided for him at the expense of Government for journeys by road.

(v) The Deputy Commissioners of the Districts concerned will be requested to arrange for a pony for his use for locomotion in the forests and any reasonable charges incurred in this connection will be borne by Government.

The expenditure will be met from the provision for Expert opinion & Experiments in the budget of the Industries & Commerce Committee of the Economic Conference.
